PROFILE

Passionate about Artificial Intelligence, Machine Learning, and Data Analytics with a strong foundation in Python, Power BI, Advanced Excel. Skilled in analyzing data, building predictive models, and creating interactive dashboards to generate meaningful insights. A quick learner with strong analytical and problem-solving abilities, committed to continuous learning and contributing to innovative, data-driven solutions in a collaborative environment.

EDUCATION

V.V.P. Engineering College - Rajkot

2023 - 2027

Bachelor of Engineering

- CGPA: 8.85
- Developed problem-solving & programming skills through academic period.

BAPS Swaminarayan Vidyamandir – Gondal

2019 – 2023

HSC Board – 12th

- PR: 84.27

SSC Board – 10th

- PR: 97.18

TECHNICAL SKILLS

- Programming : Python
- Data Analytics : Advanced Excel, Power BI, Pandas, NumPy
- Data Visualization : Matplotlib, Power BI
- Machine Learning : Scikit-learn, PyTorch, OpenCV

SOFT SKILL

- Good Communication
- Problem-solving Ability
- Team Work
- Project Management

TOOLS

- Git, GitHub
- VS Code, Jupyter Notebook
- Power BI
- Advanced Excel

ADDITIONAL INFORMATION

- Languages:** English, Hindi, Gujarati
- Hobbies:** Cricket, Music

PROJECTS

1) One8 Products Dashboard | Power BI

Tools: Power BI, Excel

Project Description:

- Designed an interactive Power BI dashboard for sales, customers, inventory, and profit analysis.
- Created visualizations using Bar, Line, Pie/Donut, and Scatter charts.
- Analyzed customer trends, city-wise profit, stock, and sales performance.
- Delivered business insights to support data-driven decision-making.

2) Face & Eye Tracking AI | Python

Tools: Python, OpenCV, MediaPipe, Tkinter, NumPy, Webcam

Project Description:

- Developed a real-time Face & Eye Tracking application using AI and computer vision.
- Implemented accurate face and eye landmark detection with live webcam streaming.
- Built an interactive GUI to visualize facial landmarks and eye movements.
- Optimized the system for smooth, low-latency real-time tracking.

INTERNSHIP

1) AI/ML Internship – Ethics Infotech LLP, Vadodara

- Completed a 15-day internship at Ethics Infotech LLP.
- Gained practical exposure to Machine Learning concepts, data handling, and real-world project development.
- Applied Python, Pandas, NumPy, Scikit-learn, and related tools to solve practical problems.
- Improved problem-solving, technical, and analytical skills through hands-on training.
- Collaborated with the development team and gained experience in industry-standard workflows.
- Worked on assigned AI/ML projects under the guidance of experienced mentors.

INDUSTRIAL VISIT

- Arena Animation – Rajkot
- Qtonz Infosoft Pvt. Ltd. – Rajkot
- eInfochips Pvt. Ltd. – Ahmedabad
- Gujarat Student Startup & Innovation Hub (i-Hub) – Ahmedabad
